The song was released by Wolf+ Rothstein, Liberation Music and RCA Records on July 11, 2018. [2] It was written and produced by Gambino and his longtime collaborator Ludwig Görnsson. The song is available to download and stream digital files alongside Summertime Magic as part of the expanded Summer Pack game. [3] It was included in a FIFA 19 soundtrack. [4] He later appeared on his fourth album 3.15.20. The song was nominated for best song at the 61th annual Grammy Awards. [6] Music video Video for Feels Like Summer is released on September 1, 2018. Directed by Glover, Ivan Dixon and Greg Sharp. In the animated video, Gambino walks calmly through a neighborhood, watching all his neighbors play in the summer, as well as stopping to dream sequences. Neighbors are famous rappers or trendy black figures, which consist of (in order and group): [8][9] Lil Pump and Trippie Redd, who walk around the neighborhood 21 Savage and Metro Boomen, who relaxed in a Kodak Black car scraping their head out of the window to turn away from the pump and Red Migos played basketball Burtman Grill while Chance the Rapper watched Jaden Smith play Will Smith washing his car Azealia Banks sits on a tree above Smith Nicki Minaj played with blocks as Travis Scott knocks them on The Weeknd, Ty Dolla Sign and Frank Ocean play a hold of war against ASAP Rocky, Solange Knowles and Willow Smith Soulja Boy talking to Pump and Redke trying to catch up to the future while he's riding his Kid Cudi bike standing upside down Kanye West is comforted by Michelle Obama Beyoncé wearing a shirt paying tribute to Fredo Santana Sharp with a melting glass of ice cream probably representing XXXTentac and Zendaya, having her hair made by Oprah Winfrey and Tiffany Haddish Lie Yachty and Carlagen So God eats the popsy Gucci Mane lying on her back relaxing snoop dogg, Dr. Dre, Sean Combs, Wiz Khalifa and Jay-Z dance over Mane Lonzo, Liangelo and LaMelo Ball, while the young Thug sits behind them 2 Chainz as a group shot of Meek Mill , Pusha T and Lil Wayne Ray Sremmurd blasting guns in the last three and J. Cole Jane Monae and Chris Brown Weeping Outkast (Big Boi and André 3000) turned from each other, presumably presenting her breakup Rihanna, floating in a cross-legged Whitney Houston pose (around 80s) Michael Jackson (about 1970s) The large amount of celebrities in the music video is compared against environmentally focused lyrics of the song, a contrast that some see as intentional; the video distracts from the song, in a similar way to how some are so focused on celebrities and their personal lives that they forget more pressing issues in the world, such as climate change. [11] This is not too different from the music video to Gambino's earlier hit of 2018. This is America, where Gambino and a team of dancers perform distracting choreographed dances, while the background of the video and lyrics of the song are loaded with political commentary and troupe. Animator Andrew Onorato claimed on Instagram that an animated performance by comedian Eric Andre was supposed to appear: At first [Andre] had to walk along with [Gambino] the whole video, but we should have turned it off when we pulled it out. He posted a photo revealing that Andre was wearing a green suit with a bird perched on his shoulder, a suit he wore during the Bird's Nest segments. by The Eric Andre Show. [12] [dubious - discuss] This may just be a well-edited joke, however. The video shows the animated Gambino entering his home (which looks partially like or at least invoking Mr. Rogers in the neighborhood) and taking off his shoes to a new Adidas couple. This was used to announce Glover's role as ambassador and co-creator of the brand for the corporation. French musician Sebastian Tellier releases a cover of Feels Like Summer on July 2, 2020 exclusively for French streaming service Deiser. [13] [14] Staff credits adapted from tidal tides.
